

Talked to L , DC/FI/OPS today to get clearer interpretation concerning operational use under CSI 50-10, 26 Aug 1967, and how Pro Project AERODYNAMIC was affected by it. L felt we could continue use of all present individuals; e.g., L in Canada, employees of Suchasnist, A/33 at Library, etc. without concern because of present status of Project - i.e., awaiting review by KATZENBACH Committee. *Technically will be brought up in review.* Whether or not CASSOWARY collaborators come under the category of operational use as defined under para. 3, a., is questionable. As in past with collaborators who live in Canada, CIA has no control over their collaboration with AECASSOWARIES, even though we financially support the CASSOWARIES.
